EXPLANATORY NOTE

This bill seeks to amend Republic Act No. 6781 by converting the Congressman Natalio P. Castillo, Sr. Memorial Hospital (CNCMH), located in the Municipality of Loon, Province of Bohol, into a general hospital by increasing its bed capacity from twenty five (25) to one hundred (100). CNCMH is a district hospital which services Loon and other neighboring municipalities.

The magnitude 7.2 earthquake that hit the province of Bohol last October 15, 2013, however, completely destroyed the hospital including the adjoining newly constructed building and rendering the same absolutely unserviceable. Loon was worst hit municipality by the earthquake. As a result, patients injured by the earthquake as well as in-patients in the hospital, at that time, were endorsed to various hospitals.

Prior to the earthquake, CNCMH serves as a major health service provider in the district with the considerable increase in the number of patients coming to the said medical facility. With the proposed reconstruction of CNCMH under the proposed Bohol Rehabilitation Plan, the time to increase its bed capacity could not be more appropriate in order to upgrade and improve the facilities and services of the hospital for the Boholanos in the first district.

In the light of the foregoing, the early passage of this bill is strongly recommended.
