

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

Eighteenth Congress
First Regular Session

HOUSE BILL NO. 6823

Introduced by:

Honorable DAVID C. SUAREZ

EXPLANATORY NOTE

This legislative intervention is being proposed in order to give flesh to President Rodrigo Roa Duterte's Budget Message for the Fiscal Year 2017, thus:

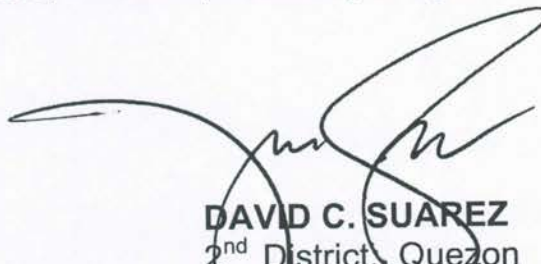

"The reform on Military and Uniformed Personnel (MUP) pension shall be pursued in view of the ballooning budget burden where the total cost of the pensions of retired soldiers will exceed the compensation of those in the active service. The proposed law will create a pension fund that is similar to or part of the Government Service Insurance System, replacing the current system where the pensions of the military and other uniformed personnel are appropriated annually by Congress."

The tangible manifestation of the government's profound gratitude to our MUPs, more than honoring their contributions through superficial ceremonies, is to utilize all efforts to provide needed assistance, financial or otherwise, to our indubitably unsung heroes. It is therefore imperative

that we introduce reforms in the pension system of our MUPs to make it more sustainable.

Through the creation of the Military and Uniformed Personnel Retirement Fund, we take a step closer to ensuring that a viable and sustainable funding source for pension requirements shall be secured, thus, would enable the State to guarantee that the it can and will continue to provide sufficient benefits and remuneration for our men and women in uniform.

The immediate passage of this bill is, therefore, earnestly sought.
