EIGHTEENTH (18th) CONGRESS
1st Regular Session

HOUSE BILL NO. 3019

Introduced by **Hon. WILTER "SHARKY" WEE PALMA II**

EXPLANATORY NOTE

Article XIV, Section 2 (1) of the **1987 Constitution** states that the State shall: "Establish, maintain, and support a complete, adequate, and integrated system of education relevant to the needs of the people and society."

In line with the goals of the Constitution, this bill recognizes the role of the Local Government Units (LGUs) in the establishment of efforts geared towards upholding quality education while serving as an avenue for both local communities and the local government to interact with one another through the establishment of a school division office.

However, as it stands, the First (1st) District of Zamboanga Sibugay Province has more than three thousand (3,000) teachers reporting to the lone school division office in the province. This number is far cry from the proposed seven hundred fifty (750) teachers per school division ratio as cited by the Department of Education (DepED) and may directly affect not only the district's capabilities but also the provincial capabilities to deliver both efficient and effective academic performance amongst its schools. Consequently, given the size of the province, these teachers are then presented with the burden to travel for hours just to report to their school division office, a feat that is proven to be taxing on one's overall physical and mental health.

At its very core, the district school division office will serve as the main pillar that would provide support for school operations while addressing the inherent structural problems within the school level. As such, the establishment of a separate school division office would enable the local government to provide higher standards of education as well as enabling the district to address the educational needs of the youth within its jurisdiction.

In view thereof, support and approval of this measure is earnestly sought.
