House Bill No. **202**

**Introduced by Representative JOSE ENRIQUE S. GARCIA III**

---

**EXPLANATORY NOTE**

This bill seeks to mandate the creation of at least one (1) High School for the Arts in each region nationwide.

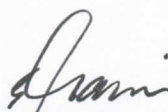

Section 17, Article II of the 1987 Constitution provides that the State shall, among others, give priority to arts and culture to foster patriotism and nationalism. However, it cannot be gainsaid that (1) efforts to promote arts and culture in the country have been highly centralized in national government agencies, and (2) other, perhaps more quantitative, subjects have hogged the attention of our resources in terms of developing education.

While the national government agencies put up a gallant effort in promoting arts and culture, it is submitted by this representation that only through devolution of this responsibility to regional units that the objective can be achieved.

Further, while it is important to focus on the sciences, arts and culture reflect the heart of our nation, and frame the character of our people while we embark towards our desired bright future. It thus deserves, as the Constitution mandates, preference and priority. This bill seeks to ensure the preservation of the Filipino heritage and identity through arts and culture education.

It is hoped that thru this policy, the duty of developing arts and culture will more prudently be spread across the country thru institutions that will focus specifically on such disciplines. The national government agencies cannot fulfill this alone. And given the initiative of this administration to decentralize, there is no better time to commence this policy than now.

Support for this bill is therefore earnestly sought.
