Seventeenth Congress

First Regular Session

House Bill No. **1342**

Introduced by **HON. ROMEO M. ACOP**

EXPLANATORY NOTE

The **Solid-Marikina Infanta Road** is a provincial road situated in Antipolo City. It is a major arterial road in the area connecting the barangays of San Luis and San Jose in the 2nd District of Antipolo City. It is a two-lane concrete road with an approximate length of 6.71 kilometers and with a width of 6.30 meters. It runs from the Antipolo-Teresa Road to the Marikina-Infanta Road. Reconstruction and improvement of the subject road have been continuously undertaken through the years greatly improving its surface, road alignment and drainage structures. With the use of the said road, movement of commuters and goods have been very evident enhancing the flow of trade and commerce and the delivery of basic services in the communities traversed by it.

However, without appropriate funding for maintenance, the road will slowly and progressively deteriorate. Without proper and consistent attention to it, the road will digress from its pristine condition. Thus, the need to provide funds for the purpose of continuously maintaining the road at its best conditions for the general welfare of commuters and motorists plying the route.

The conversion of the Solid-Marikina Infanta Road into a national road is aimed at ensuring its continuing contribution to the economic growth and development not only of the economically depressed barangays traversed by it but of the adjacent municipalities as well. With its conversion into a national road, funds from the National Government thru the Department of Public Works and Highways can now be appropriated to facilitate its continued maintenance and improvement.

For the foregoing reasons, the immediate passage of this measure is earnestly sought.
