House Bill No. 2582

EXPLANATORY NOTE

In order to transform the Mindanao State University into a world-class university, it is necessary to amend their charter and introduce improvements to the same.

The existing charter of the MSU is currently 6 decades old and is already obsolete, unresponsive and weak in relation to the University's urgent needs and requirements in view of the prevailing domestic and global challenges it faces.

This bill seeks to address the weaknesses of the charter of the MSU and proposes amendments that would strengthen the University and make it adaptable to today's highly globalized world.

In view of the foregoing consideration, immediate approval of this bill is highly recommended.
