HOUSE BILL NO. 4799

Introduced by REP. GLONA G. LABADLABAD

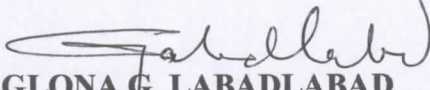

EXPLANATORY NOTE

There is an urgent need for the establishment of an Integrated School in Barangay Labakid in the Municipality of Sindangan, Province of Zamboanga del Norte. It is in consonance with the current education program of the government to provide adequate and attainable opportunities to young people in the far-flung areas.

Barangay Labakid and its neighboring barangays comprise a service area where there is a compelling need to establish an Integrated School. The proposed Integrated School is kilometers away from the nearest National High School. There has been an alarming increase of elementary graduates who are unable to pursue secondary education because of the inaccessible location and the limited number of high schools within the vicinity. As majority of the population are economically-challenged, private education is not a feasible alternative for them. Consequently, elementary graduates become unproductive and are unable to contribute to the development of their barangay. These underprivileged youth are being deprived of the opportunities which progress offers. The service area concerned ultimately suffers from depletion of valuable reserve of educated youth from the secondary level and eventually at the tertiary level, making it unable to meet the manpower needs of the growing service area.

The establishment of an Integrated School will bring renewed hope to the community life in Barangay Labakid and its neighboring barangays.

In view of the foregoing consideration, early approval of this bill is earnestly sought.
