HOUSE BILL NO. 5422

**EXPLANATORY NOTE**

This bill seeks to declare the month of October of every year as the "*National Cooperative Month*" in the entire country.

A cooperative is an autonomous and duly registered association of persons with a common bond of interest. Members of a cooperative voluntarily join together to address their social, economic and cultural needs and aspirations. They make equitable contributions to the required capital, patronize their products and services and accept a fair share of risks and benefits of the undertaking in accordance with the universally accepted cooperative principles.

The primary objective of every cooperative is to help improve the quality of life of its members. Cooperatives provide assistance, trainings and services to augment the income of their members, increase their savings, and widen their investments, productivity and purchasing power. Cooperatives also teach their members by propagating cooperative practices and introducing new ideas in business and management.

This year, cooperative movement in the Philippines is celebrating its 104<sup>th</sup> year anniversary. As of 2018, the number of cooperatives registered with the Cooperative Development Authority reaches 26,000 with a total membership of approximately 11 million individuals. Cooperatives have generated more than 580,800 employments and produced goods and services worth billions of pesos.

Cooperatives are significant contributors to the Philippine economy. In fact, they serve as instruments in promoting social justice and economic development. They contribute to economic growth through the mobilization of savings and by providing capital. They also provide access to goods and services to the less privileged members of the society.

On October 29, 2003, President Gloria Macapagal-Arroyo issued Proclamation No. 493, Series of 2003, entitled "*Declaring the Month of October 2004 and Every Year Thereafter as Cooperative Month*," to encourage the wider participation of all sectors of society in nation-building through cooperativism. To give it a more permanent status, however, this bill seeks to declare the month of October of every year as "*National Cooperative Month*," to raise the consciousness of the people on the principles and values of cooperatives and encourage them to join the cooperative movement.

In view of the foregoing, approval of this bill is earnestly sought.
