EXPLANATORY NOTE

Legal aid is not a matter of charity. It is a means for the correction of social imbalances that may often lead to injustice, for which reason, it is a public responsibility of the Bar. The spirit of public service should therefore underlie all legal aid offices. The same should be so administered as to give maximum possible assistance to indigent and deserving members of the community in all matters and situations in which legal aid may be necessary to forestall injustice.

In order to attain the objectives of legal aid, legal aid office should be as close as possible to those who are in need thereof – the masses. Hence, every chapter of the Integrated Bar of The Philippines (IBP) must establish and operate an adequate legal aid office. The clients of IBP Legal Aid are qualified under the same indigency and merits tests used by the Public Attorneys' Office (PAO), and would have qualified for PAO assistance, but for reasons other than indigency, are disqualified from availing of the services of the PAO, like the existence of conflict of interests or conflicting defenses and other similar causes. However, unlike PAO clients, the clients of IBP Legal aid are not exempt from payment of docket fees and other fees incidental to instituting an action in court.

This bill seeks to exempt IBP Legal Aid clients from payment of docket fees and other fees incidental to instituting an action in courts and other agencies considering that they are also indigent.

In view thereof, immediate approval of this Bill is sought.
