EIGHTEENTH CONGRESS
First Regular Session

House Bill No. 5017

Introduced by Representative Estrellita B. Suansing

EXPLANATORY NOTE

This bill seeks to establish a Land Transportation Satellite Office in the Municipality of Aliaga, Province of Nueva Ecija.

The Land Transportation Office is a vital government agency tasked with the promotion of safety and public service in land transportation throughout the country. It provides a rationalized system of motor vehicle registration, license issuance, law enforcement, adjudication of traffic cases and collection of revenue for the government.

Presently, the Land Transportation Offices are located in the cities of the Province of Nueva Ecija, namely: Cabanatuan City, Palayan City, Gapan City, and San Jose City. The Municipality of Aliaga is located right next to Cabanatuan City geographically, however, the LTO satellite office in the city is already congested with applicants coming from the city itself and other nearby municipalities. Establishing a satellite office in Aliaga will be most beneficial for its residents and its neighboring towns and will help in easing the congestion of the other LTO satellite offices.

In view of the foregoing, the approval of this bill is earnestly sought.
