House Bill No. **2586**

EXPLANATORY NOTE

Section 11 Article XIII of the 1987 Philippine Constitution provides that, "The State shall adopt an integrated and comprehensive approach to health development which shall endeavor to make essential goods, health and other social services available to all the people at affordable cost..."

Currently, there are only 12 hospitals in Cagayan de Oro, which is definitely not enough to service the ever increasing population of the City. Also, because of the limited number of hospitals, there are barangays with no hospitals which means that the sick need to travel quite some distance in order to reach the nearest hospital. And one such barangay is Barangay Lumbia. Barangay Lumbia has no hospital and it only has a small health center with the nearest hospital, a private hospital, around 20 to 30 minutes away which is too long in life or death situations.

This is why there is a necessity for the establishment of a hospital in said barangay.

In view of the foregoing, immediate passage of this bill is earnestly requested.
