EXPLANATORY NOTE

Victor Medina Street (formerly Kabihasnan Road) in Sucat, Parañaque City has been serving as an entry and exit point for a lot of motorists going to Las Piñas, Cavite and other southern cities and provinces. The (Kabihasnan Road) has been a major thoroughfare being utilized not only by the constituents of Parañaque City but also by other motorists coming from different parts of Metro Manila, especially upon the establishment of the Manila-Cavite Expressway (otherwise known as Cavitex).

In connection to the foregoing, the increase in the volume of motorists using the (Kabihasnan Road) means that the maintenance, repairs and development of the said road are inevitably going to be much more necessary, frequent, and definitely more expensive. Nonetheless, such works must be undergone if only to avoid major inconvenience to the motorists and ensure good service to them, in keeping with the policy of the State to serve and promote the people's general welfare.

Yet, the City of Parañaque will not, by itself alone, be able to sustain the expenses entailed by the aforementioned vigorous upkeep of the said road as the circumstances demand. The National government is therefore hereby being requested to assume jurisdiction over Victor Medina Street (formerly Kabihasnan Road) and allocate the necessary national funds for its improvement.

It is for this reason that the conversion of the Victor Medina Street (formerly Kabihasnan Road) into the category of national road is being sought.
