EXPLANATORY NOTE

The bill seeks for a conversion of the Taysan, San Jose-Sambat, San Pascual provincial road into a national road.

This 13.564 kilometer stretch of road traverses the Municipalities of San Jose, which has a thriving poultry industry, and San Pascual, which hosts an oil refinery and several chemical plants. The said road is only asphalted and is already showing signs of deterioration such as potholes and surface defects. These conditions are further aggravated during rainy season, thus threatening the safety of motorists.

A better road infrastructure will improve the economic development not only of this part of the 4th District, but also of Batangas province as a whole. However, due to budget limitations of the local government, it cannot fully provide for its financial demands. Thus, the conversion of the Taysan, San Jose-Sambat, San Pascual Road into a national road will guarantee the annual funding for its maintenance and improvement.

Hence, the immediate enactment and approval of this bill is earnestly sought.
