EXPLANATORY NOTE

Roads, bridges and other public service infrastructures are of primary importance highlighting government commitment to our people and serve as the leeway passage for our daily endeavor, and consequently hasten the operation of all our undertaking for the end result of common development and convenience.

This is the case of the NRJ Bayugan City-Marcelina-San Luis-Malaybalay Road. It serves as main thoroughfare to transport the goods of farming communities surrounding the barangays. While considered as vital infrastructure link, the road badly needs immediate repair. Thus, converting it into a national road is seen as the only viable solution to guaranty necessary funds for its maintenance and expansion so as to promote the socio-economic development in the area.

Hence, the approval of this bill is earnestly sought.
