Explanatory Note

This bill seeks to convert the 6.6-kilometer Poblacion-Pawa Road in the Municipality of Panay, Province of Capiz into a National Road.

This road network connects the coastal barangays of Poblacion and Pawa in Panay, Capiz. These barangays are home to marine ponds and rich deep-sea fishing grounds of the municipality. It is also where the fishing wharf of the province of Capiz is located. Moreover, Barangay Pawa is being developed as the trading center and economic zone of Panay, Capiz. Thus, the improvement and proper maintenance of this uncemented road artery is imperative to bring further development to the area.

While the Provincial Government of Capiz recognizes its vital role in facilitating trades and investments and ushering further development in the area, it does not have enough capability to properly maintain its road networks. The conversion of the Poblacion-Pawa Road into a national road is highly imperative to ensure its proper maintenance given the availability of equipment and capability of the national government to provide ready funds for the purpose.

This bill was filed during the 15th Congress and the same was approved on third reading by the House of Representatives and subsequently passed by the Senate for President Aquino's approval but the President vetoed it because of the lack of documentary requirements. All means necessary for the completion of needed documents are now being done by appropriate offices.

Thus, the refilling of this bill is needed and its immediate approval is earnestly sought.
