

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

Seventeenth Congress
First Regular Session

HOUSE BILL NO. 3932

Introduced by **Hon. Frederick F. Abueg**

EXPLANATORY NOTE

1 This is a refiled bill from the 16th Congress as House Bill No. 2296 and
2 eventually substituted by House Bill No. 4626. It has met three approvals at the House
3 of Representatives and was transmitted to the Senate of the Philippines on August 7,
4 2014.

5 This bill seeks to provide the inhabitants of Barangay Bunog, Iraan, Punta
6 Baja, Campong Ulay, and Ransang of the Municipality of Jose P. Rizal, Province of
7 Palawan, the opportunity to perfect their rights of possession over the public land
8 areas they currently occupy, protect the State's natural resources, and support and
9 promote the tenets of sustainable economic development in the province.

10 The Strategic Environmental Plan (SEP) for Palawan, otherwise known as R.A.
11 7611, in Section 2 thereof, declares the policy of the State to protect, develop, and
12 conserve its natural resources towards which, it shall assist and support the
13 implementation of plans, programs, and projects formulated to preserve and enhance
14 the environment, and at the same time pursue the socio-economic development goals
15 of the country. It is also State policy to support and promote the sustainable
16 development goals for the provinces through proper conservation, utilization, and
17 development of natural resources to provide optimum yields on a continuing basis.

18 The municipality of Rizal has a total land area of 127,116.033 hectares and is
19 considered the largest town in the province. Of its 11 barangays, Ransang has the
20 biggest land area, with 18,796.427 hectares comprising 14.44% of the municipality's
21 total land area. Throughout the 20th and this century, the municipality of Rizal, like
22 Palawan's other towns, has welcomed migrants from all over Palawan and other
23 provinces. In fact, before it became a municipality, Rizal was already brimming with
24 migrants. These migrants, along with local inhabitants, have settled in, cultivated, and
25 made productive the municipality's vast lands, including idle public lands. For a long
26 time, these public lands have no longer been serving their original purpose, as they
27 have been utilized for agricultural, commercial, industrial, tourism, and other
28 productive purposes.

29 The inhabitants and occupants of the above-mentioned barangays, however,
30 face a climate of uncertainty. They are unable to secure titles over these public lands
31 where they have been living, working, and cultivating for decades. This presents a
32 hindrance to the town's continued growth and impedes realization of its full potential.

1 By converting certain portions of the above barangays' public lands from
2 timberland to agricultural land, while at the same time sub-classifying other portions
3 as forestland for specific purposes, this bill aims to increase agricultural, commercial,
4 residential, and tourism land areas available for disposition to the local populace;
5 contribute to economic growth in general; and ensure the proper conservation and
6 management of public lands.

7 In view of the foregoing, the immediate approval of this bill is earnestly
8 requested.
