Introduced by **HONORABLE STRIKE B. REVILLA**

EXPLANATORY NOTE

This proposed measure seeks to enhance the Urban Development and Housing Act of 1992 by mandating the development of a People's Plan which will establish an on-site, in-city or near-city resettlement program for informal settlers. It will also mandate the provision of basic services and livelihood components for the resettled communities. This proposal also strengthens and empowers association of informal settler families that will promote and protect their welfare against abusive elements. Furthermore, this proposal gives emphasis on public consultation and dialogue with stakeholders.

This bill takes significance in the fact that shelter is a basic human right. The People's Plan is a tool, not to encourage professional squatters, but an economic and social apparatus to support our many fellow Filipinos who are left of no other choice but to settle informally in urban areas. Let us give them the chance for a more humane and civilized settlement by supporting a genuine and real People's Plan.

In view of this, passage of this proposal is earnestly sought.
