#### **EXPLANATORY NOTE**

Roads, bridges, and other public service infrastructures are of primary importance highlighting government commitment to our people and serve as the leeway passage for our daily endeavor, and consequently hasten the operation of all our undertaking for the end result of common development and convenience.

This is the case of Angelina Canaynay Avenue, San Dionisio, Parañaque City. At present, Canaynay Avenue is part of the City Road of Parañaque, however, its actual usage caters practically national in scope, considering that it now serves as the gateway of Las Piñas City and other Cavite suburbs areas, not to mention other motorists using Canaynay Avenue as a detour route to the south. Hence, in its scope, it has more of the nature as a national road rather than a city road. Hence, Angelina Canaynay Avenue, being the main traversing point into the south along Sucat Road area, its conversion into a national road is therefore in order and by then a funding subsidy from the national road be allocated in the future for its maintenance and improvement.

By the foregoing, approval of this Bill is earnestly requested.
