### **EXPLANATORY NOTE**

Fundamental in our Constitution is the State's policy of inculcating patriotism and nationalism among Filipino youth through education. Thus, Article XIV Section 3 (2), provides:

“ They shall inculcate patriotism and nationalism, foster love of humanity, respect for human rights, appreciation of the role of national heroes in the historical development of the country, reach the rights and duties of citizenship, strengthen ethical and spiritual values, develop moral character and personal discipline, encourage critical and creative thinking, broaden scientific and technological knowledge and promote vocational efficiency.”

Currently, the High School curriculum focuses on the appreciation of our national heroes, their works, and their country's historical development. To further strengthen patriotism and nationalism among the Filipino youth, it is proposed that the

High School curriculum, both in public and private schools, should likewise include Voter's Education that will teach High School students the rights and duties of citizenship.

Voter's Education aims to teach High School students who are about to be first-time voters, the significance of the right of suffrage, how the voters should evaluate and choose the right candidates, and their consequent duty to maintain the sanctity of the ballots and the electoral process.

In view of the foregoing, approval of this bill is earnestly sought.
