#### EXPLANATORY NOTE

The Bureau of Immigration came into existence upon the passage of Commonwealth Act No. 613, or the "Philippine Immigration Act of 1940". This law governs the entry and admission of foreigners into the Philippines. Though amendments were introduced to this Act, there is a pressing need to modernize the Bureau of Immigration to become more responsive to the challenges brought about by the advancement in science and technology, and attuned to the current needs especially with the onset of globalization, transnational crimes, and human trafficking.

Recognizing the need for a "modern, efficient and professionalized" Philippine Immigration Service, this bill seeks to reorganize the Bureau of Immigration by defining the functions of the departments under it as well as to modernize the systems and procedures on immigration in our country. It also seeks to create the Commission on Immigration and strengthen its function as gatekeeper and a primary economic agent taking into account the duty to safeguard the country's national borders while fostering investments.

The proposed measure also calls for the creation of more visa categories and privileges for foreign investors, providing a more friendly business environment conducive to attracting and increasing foreign investments into the country. Moreover, this bill seeks to expand the classification of disqualified aliens and the imposition of penalties for aliens involved in syndicated criminal activities to enhance national security and ensure the safety of Filipinos. It is hoped that through the said modernization, businessmen will be attracted, thereby contributing to the much needed investments in the country, rendering the agency as an effective agent of economic development.

In view of the foregoing, immediate approval of this measure is earnestly sought.
