5372
HOUSE BILL NO. _____

Introduced by **HON. JOSEPH "JOJO" L. LARA**

EXPLANATORY NOTE

The Cagayan River Basin (CRB) is one of the 18 major river basins in the Philippines, with an approximate catchment area of 27,281 km² with a river length of 520 km. It is the longest and largest river system in the Philippine archipelago. It is located in the Cagayan Valley region in the northeastern part of Luzon Island and crosses the provinces of Nueva Vizcaya, Quirino, Isabela and Cagayan.

According to study, the CRB covers the provinces of Apayao, Benguet, Ifugao, Kalinga, Mountain Province and the outskirts of Abra in the Cordillera Administrative Region; the provinces of Cagayan, Isabela, Nueva Vizcaya and Quirino in Region II; and parts of Aurora and Nueva Ecija in Region III. With 12 provinces, 122 municipalities/cities and 2,249 barangays covered, the CRB is divided into 23 sub-watersheds.

Based on the climate trends and projections of the Philippine Atmospheric, Geophysical and Astronomical Services Administration (PAGASA), the Cagayan River Basin is characterized by having 2 pronounced seasons, dry from November to April and wet during the rest of the year.

In April 2019, drought hit the Cagayan Valley region and damages to the agricultural sector was approximated to be around Php 2.1 billion. The said damage covered 48,394 hectares of palay farms and 66,963 hectares of corn farms.

In light of the foregoing, there really is a need to come out with a mechanism and an institution to take care of the Cagayan River Basin to manage and coordinate all efforts to ensure the continuance of the benefits the people are deriving from it and preserve the river for generations to come.

This bill seeks for the implementation of the Cagayan Valley River Basin Rehabilitation and Development Program and creating for the purpose the Cagayan River Basin Development Authority which will provide overall planning, management and coordinative services needed in the rehabilitation, development and protection of the major rivers in the Cagayan River Basin.

This bill was previously filed in the 17th Congress and its immediate passage in the 18th Congress is earnestly sought.
