EIGHTEENTH CONGRESS  
First Regular Session  
4086  
HOUSE BILL NO. \_\_\_\_\_

Introduced by: **HON. JOY MYRA S. TAMBUNTING**

#### **EXPLANATORY NOTE**

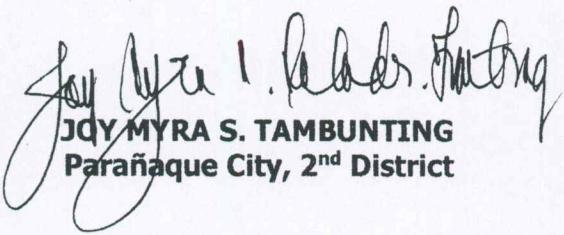

Over the years, consumers have been expressing their growing dissatisfaction concerning the delivery of basic services such as electricity, water, transportation and telecommunications. The dissatisfaction of consumers over the poor of quality services at high costs can be rooted from the lack of competition and inhibition of foreign investment in the country.

This bill seeks to amend and update the Public Service Act which was passed in 1936. To date, the more than 80-year-old law remains to be the law that governs public services in the Philippines. The Public Service Act has since been amended several times already and many of its sections have been expressly or impliedly repealed, including the Public Service Commission as per Presidential Decree No. 1 in 1972.

This Representation believes that the Public Service Act with its outdated and restrictive provisions, no longer serves its true purpose of serving the public. Considering the situation for the past few years, wherein technological innovation has swamped the market and has since allowed for ingenious and new modes of delivery services, a review of the Public Service Act is needed to realign the said law to the realities of the 21<sup>st</sup> Century.

This proposed measure allows the New Public Service Law to: 1) recognize the transfer of functions of the Public Service Commission to various administrative agencies; 2) distinguish and clarify the definition public services from public utilities; 3) institute an appropriate mechanism for fixing rates; and 4) increase the penalties for violations. I acknowledge Senate Bill 1754 as reported in Senate Committee Report 301 during the 17<sup>th</sup> Congress from which this proposal has been based upon.

For the good of the Filipino people, the passage of this bill is earnestly sought.
