**EXPLANATORY NOTE**

Basilan State College is a state college in the Island province of Basilan. Its main campus is located in Isabela City with three college extensions in Lamitan City, Maluso and Tipo-Tipo, Basilan, plus one agricultural and secondary campus in Sta. Clara, Lamitan City.

Basilan State College has been established by virtue of Presidential Decree No. 1943 under the presidency of Ferdinand Marcos. It is the only public institution in the Province that caters tertiary education.

The institution is offering several Bachelors of Science courses and as well as Bachelor of Arts specializing in different fields of education. It also offers Post Graduate Courses and some two-year non-diploma programs. Presently the school is Level I and II AACUP accredited.

Basilan State College has apparently improved its school facilities to meet the increasing number of enrollees. It has its state of the art facilities that could be at par with other leading state universities in the country. Academically wise, the school is satisfactorily performing well as the number of board passers and civil service eligible are increasing.

With this we seek the conversion of Basilan State College to Basilan State University to cater more students and provide quality higher education. This bill aims to give reform to its educational system equal to that standard of a university.

The conversion of Basilan State College to State University will open more opportunities for advance education and professional training in research and in the students chosen fields of education.

In view of the foregoing, approval of this bill is highly recommended.
