EXPLANATORY NOTE

This bill seeks to delineate the specific limits of forestlands for the conservation, protection and development of the remaining forest resources in the Province of Agusan del Sur. It shall establish the final forestland boundary of the province.

The Department of Environment and Natural Resources (DENR) is mandated to mark on the ground the boundaries between forestland and alienable and disposable lands nationwide in consonance with Section 4, Article XII of the 1987 Philippine Constitution which states that:

"The Congress shall, as soon as possible, determine, by law, the specific limits of forest lands and national parks, marking clearly their boundaries on the ground. Thereafter, such forest lands and national parks shall be conserved and may not be increased nor diminished, except by law. The Congress shall provide for such period as it may determine, measures to prohibit logging in endangered forests and watershed areas."

To fulfill this constitutional mandate, the Department of Environment and Natural Resources (DENR) issued Department Administrative Order (DAO) No. 2008-24 providing the guidelines for the assessment and delineation of boundaries between forestlands, national parks and agricultural lands, consistent with the government's twin policies to ensure protection and sustainable development of forestlands, national parks and resources therein, and to accelerate the disposition and adjudication of agricultural lands.

This bill is a culmination of the extensive survey and on-the-ground assessment of actual condition of areas conducted by various attached agencies of DENR pursuant to the abovementioned DAO. Moreover, the ground delineation of the permanent forest limits described in this bill has been duly assessed and approved by the National Assessment and Delineation Committee (NADC). It covers 461, 033.87 hectares of forestlands in the municipalities of Loreto, Prosperidad, Bayugan, Esperanza, Bunawan, Trento, Loreto, and Veruela.

The passage of this legislative measure shall ensure that the forest cover and other resources therein shall be protected and enhanced. With properly identified and clearly demarcated forestlands, the provincial government of Agusan del Sur is better equipped to carefully plan the sound utilization of natural resources in the province. Further, this will encourage various municipal governments to initiate and implement development projects

with due regard to the preservation and protection of the integrity of the demarcated forest lands.

The delineation of permanent forest line is essential for the sustainable development of the province for both agricultural and forest lands.

In view of the foregoing considerations, the immediate enactment of this bill is earnestly sought.
