SEVENTEENTH CONGRESS

First Regular Session

House Bill 2148

DATE: 01 AUG 2016

TIME: 12: 20 jm

BY: REGISTRATION UNIT

Introduced by REP. ENRICO A. PINEDA and REP. MICHAEL ODYLON L. ROMERO

EXPLANATORY NOTE

The effort towards inclusive growth and good governance demands the removal of bureaucratic red tape. Such policy was enshrined in Republic Act 9485, otherwise known as the Anti-Red Tape Act of 2007, which called for a program for the adoption of simplified procedures that will reduce red tape and expedite transactions in government.

After almost a decade of implementation of the Anti-Red Tape Act of 2007, however, the problem of burdensome government procedures still persists.

The 2015-2016 World Economic Forum (WEF) Global Competitiveness Index revealed that the Philippines ranked 101st in terms of government administrative compliance. Such perception is unconscionable given the level of technology available in the country and the increased benefits afforded to civil servants.

It is high time to return the favor to the taxpayers and citizenry through an efficient and speedy government service delivery.

As such, this bill seeks to further accelerate the turnaround time of government transactions, reduce the cost of doing business and improve the productivity of both the citizenry and the business establishments.

Moreover, this bill seeks to bolster the fight against graft and corruption by reducing the propensity to offer bribes or to employ 'fixers'.

Ultimately, it is hoped that through the aforementioned interventions, this bill may significantly contribute to the improvement of access to quality social services, the enhancement of the competitiveness of local industries and the development of the Philippine economy.

In view of the foregoing, the swift passage of this measure is earnestly sought.
