Republic of the Philippines **HOUSE OF REPRESENTATIVES**Quezon City

18TH CONGRESS

First Regular Session

HOUSE BILL NO. __987

Introduced by Representative MICHAEL L. ROMERO

EXPLANATORY NOTE

A **Postpaid Subscription** typically requires two essential components ir order to make the **post-usage** framework viable:

- 1. **Credit history/Contractual commitment:** This is the basis on which the service provider is able to trust the customer/subscriber with paying their bill when it is due and for the former to have a legal recourse in case of non-payment.
- 2. **Service tenure:** All postpaid providers require customers/subscribers to sign long term **(6 to 30 months)** contracts committing to use of the service.
- 3. Failure to complete the term would make the customer liable for early termination fees and other processing fees.

The Statement of Account (SOA) itself is an important component of the services which acts as an envoy of the service provider and serves an evidence of the service itself.

This House Bill seeks to foster the protection and interests of the consumer, promote general welfare and to establish fair standards of conduct for all business and industry.

Towards this end, the State shall implement measures to achieve these noble objectives.

Thus, the early passage of this bill is earnestly requested.
