First Regular Session

HOUSE BILL NO. 985

Introduced by Representative MICHAEL L. ROMERO

EXPLANATORY NOTE

A **reconnection fee** is intentionally made significantly to deter late payments and encourage customers to pay their bills within the grace period mandated.

Nonetheiess, there are cases where our low-income customers-subscribers have established their inability to pay their bills in full and on time. (Allow staggered bill payments).

We must fully understand and make every effort to accommodate the financial limitations of our marginalized customers-subscribers. We have to comply with the directives, but we also have to be fair to our paying customers-subscribers.

This House Bill seeks to streamline and uphold the protection and interests of the consumers-subscribers, foster general welfare and to establish fair standards of conduct for all business and industry.

Towards this end, the State shall implement measures to achieve these noble objectives.

Thus, the early passage of this bill is earnestly requested.
